## CASHIER BEATEN TO DEATH BY BANDIT

### OKLAHOMA BOWS IN GRIEF AT PASSING OF TOM FERGUSON

Legislators Pause To Pay Tribute To Departed Governor.

(By the Associated Press)  
OKLAHOMA CITY, Feb. 15.—Official business of Oklahoma City paused today while hundreds of friends and associates of Thompson B. Ferguson, territorial governor, who died here yesterday, assembled at the state capitol to attend the services in his honor to be held three o'clock in the house of representatives chamber.

Shortly after noon 50 enlisted men and five officers under command of Colonel B. H. Markham, and accompanied by military bands, were to escort the body to the state house, where it will lie in state from two until the services begin. Late today the body will be taken to Geary by train and from there overland to Watonga, where it will lie in state at the Blain county court house tomorrow. Burial will be in the Watonga cemetery at 2 o'clock tomorrow afternoon.

Attorney General Freeling, of Oklahoma City, an old time friend of the former governor, was to give the principle address at the services here today. The active pallbearers are Victor L. Locke, Jr., A. J. Niles, G. B. Parker, Wm. A. Brooke, John Golob and Sol A. Layton.

### PRODUCERS SLASH GASOLINE PRICES

Cuts Announced at Enid and Muskogee; Now 23 Cents Per Gallon.

(By the Associated Press)  
MUSKOGEE, Feb. 15.—A large production and refining company today cut the price of gasoline in Muskogee to 23 cents a gallon, compared with the minimum price of 22 cents that existed here four months ago.

ENID, Feb. 15.—A two cent cut in tank wagon prices on gasoline and kerosene for Oklahoma was announced here today by L. E. Hutchens, secretary of the Oklahoma Retail Jobbers association.

### Officers Seize 'Jake' Arrest Ada Man

Take 39 Gallons of Jamaica Ginger From Express Office.

Three shipments comprising 39 gallons of Jamaica ginger or "jake," were confiscated yesterday by county and federal officers from the express office at Fitchburg. The three shipments were consigned to persons at Ada.

The smaller shipment of the three, a five gallon can, was consigned to the Holly Drug company at Ada and the other two shipments 25 gallons in cans and a barrel containing 24 dozen 2-ounce bottles, were consigned to E. T. Merritt, who lives on West Twelfth street, this city.

Merritt was arrested yesterday evening by the officers and placed in jail. He and F. Z. Holley, owner of the Holly Drug store will likely be taken to Coalgate today for arraignment before the federal commissioner. Each shipment was from

#### The Underlying Reasons

The chicken of today has many and varied reasons for crossing the street. Sometimes she sees her worst enemy coming, and sees her first cross the street to avoid either having a quarrel or being a hypocrite.

Other times she hopes to meet her sweetheart accidentally, his office being on the other side of the street.

Perhaps her masseuse, her manicurist, or her hairdresser is just opposite.

Maybe she wants to see that love of a hat in Helen's window; that gorgeous gown in Milady's shop; or perhaps view herself in the large pier glass in the dry goods store.

Often times she is weary and wishes to refresh herself with wafers and chocolate at the White Dog Inn.

She may intend to go to see Violet Snowdrop's latest picture, The Bliss of a Kiss.

There might be a bargain sale at one of the exclusive shops.

But usually she crosses over—just because. — Katherine Negley in Cartoons Magazine.

### TO ERECT POTATO CURING FACTORY

Will Raise \$50,000 To Build Large Plant at City of Muskogee.

MUSKOGEE.—A committee to raise funds for the erection of a \$50,000 sweet potato curing and storage plant here has been appointed by the board of directors of the chamber of commerce. Decision to build a storage plant here was reached after a conference with the Southland Sweet Potato Curing and Storage association.

It is proposed to erect a plant with an initial capacity of 50,000 bushels and to make additions as the crops demand. Similar storage houses have been erected at McAlester, Hartshorne, Ft. Towson, Durant and Madill. A proposition similar to the one launched here is proposed at Tulsa.

Because of the good soil conditions bordering the Arkansas river, the raising of sweet potatoes in this section of the state will prove one of the most profitable crops in the entire state, according to sweet potato authorities here. The difficulty encountered thus far, has been the lack of storage to preserve the crop.

By-products of sweet potatoes also offer inducements, producers declare. Cereals, flour and syrup are being manufactured from sweet potatoes. A sweet potato crop can be made to pay for itself the first season with an average income of \$216 an acre, F. F. Gilmore, president of the Southland company, has said.

#### Ponca Man Assaulted.

(By the Associated Press)  
PONCA CITY, Feb. 15.—Milton Davis, living alone a mile from Newkirk, was found unconscious yesterday afternoon. When he recovered Davis stated that a man had assaulted him in his house Friday afternoon and robbed him of \$600.00.

### UNION SECRETARY ENDORSES PLAN OF ADA CIVIC BODY

Meeting Place for Farmers Organizations Is Needed Here, Says.

The following letter from I. T. Hoggatt of Stonewall, shows what keen interest the farmers are taking in the proposed plan of the Chamber of Commerce of this city to establish a home for that organization and ask the county farm agents and the various other farm organizations of the county to share the office portion of the building with their secretary. Mr. Hoggatt is secretary of the Union Valley Truck Growers' association.

Stonewall, February 14, 1921.

Ada Evening News:

I understand the Ada Chamber of Commerce is talking of taking up the proposition of erecting a building at Ada to be used as a meeting place for farm organizations of this county as well as meetings of business men and co-operative meetings of business men and farmers. I understand this building is to contain offices for the Secretary of the Chamber of Commerce, the Pontotoc county farm agents, and other agricultural agents working in the county.

I think this would be one of the best steps that Ada could take. This is an agricultural county and while Ada is justly proud of her agricultural resources the farmers of the county are equally as proud of the fact that such a live city is located in the county. Ada has become one of the best market towns in the state and I believe the Chamber of Commerce could not go wrong in making this move.

There is certainly a need of a meeting place in Ada for meetings of the great co-operative organizations which are sweeping over the state of Oklahoma. The time has come when the business men and the farmers must work close together and I know of no other way that would give them a better chance to get together and talk problems over than to have a place where they could be sure of a meeting when called together.

A fair example of the disadvantage which comes of not having a place to meet happened Wednesday, February 3, when we farmers were called to Ada by J. W. Hill, the county agent, for the purpose of putting in working order the organizing machinery of the Oklahoma Cotton Growers' association. We first met at Mr. Hill's office but it was soon seen that it would be impossible to hold the meeting there because there was not enough room. Court was in session and we could not get the court room, so we decided to go to the city hall. Arriving there, we found workmen busy repairing the damage done by the recent fire.

We came to the sidewalk and were planning some place to hold our meeting when Mr. Kitchens, the city mayor who always knows how to strengthen things up, came along and very graciously tendered us the use of his office. It was not a suitable place for the meeting as it is small and contained but few seats, but it was appreciated by every one even though they were forced to stand up or lie down.

I merely relate this to show that such a meeting place as is proposed by the Chamber of Commerce would be appreciated by the farmers of this county, and that such a place is needed in Ada. If provided with a rest room the farmers wives could go there after doing their trading and could rest in comfort until ready to return home, without being compelled to sit for hours in some busy store feeling all of the time that they are in the way. In the rest room they could meet and talk with their city sisters and in this way bring about a better understanding of one another.

We country people are not wanting these things done as an act of charity. We would scorn such an idea, but this is a business proposition which I believe it will pay the city of Ada to look into.

I. T. HOGGATT,  
Secretary Union Valley Truck Growers' Association.

### HARDING'S AUNT AND COUSINS WILL SEE HIM BECOME NATION'S CHIEF EXECUTIVE

Loren (left) and Ames Harding, discussing their coming trip to the inauguration, and Mrs. Ella Dickerson, the president-elect's aunt.

March 4 will be a night big day for the family of President-elect Harding. Even his more distant relatives will thrill that day with the thought that they belong to the family which has produced the twenty-ninth president of the United States. Among the nearer relatives of the incoming chief executive who are planning to attend his inauguration are Loren and Ames Harding, two of his cousins who were his chums in his boyhood days, and Mrs. Ella Dickerson, his aunt.

### Secret Service Men Nip Plot To Blow Up Ship

Sailor Arrested in Attempt To Destroy Presidential Yacht.

(By the Associated Press)  
WASHINGTON, Feb. 15.—An enlisted man of the navy is under arrest at the navy yard here in connection with an alleged plot to blow up the Presidential yacht, the "Mayflower." Secret service operations and the Washington police are working on the case. It was stated today, proceeding on the theory that the plot may have extended to the ship and other vessels at the navy yard.

The man under arrest, whose name was not divulged, was reported to have approached a superior officer to bribe him to allow a package supposed to have contained a bomb to be brought aboard the "Mayflower" at a certain hour. Secret service agents were notified and the man was arrested.

An appointment the man was alleged to have made with another person at a park here where he was supposed to receive the package was kept by the secret service men, but the package was not delivered.

### BANDITS GET \$15,000 FROM GROCERYMAN

ST. LOUIS—Two bandits, held up George Lautenschlager, cashier of the A. Moll Grocery Co., at noon today and obtained \$15,000 in cash and \$2,000 in checks after knocking Lautenschlager to the ground.

OKMULGEE—Thieves broke into the passenger station of the St. Louis & San Francisco railroad at Morris, six miles east of Okmulgee, early this morning, blew open a safe with nitroglycerine and escaped with \$100. No trace of the robbers has been found by officers who are investigating the case. The nitroglycerine blew the safe door from its hinges and hurled it across the room.

### IRISHMAN KICKS AT BEING SENT BACK HOME

(By the Associated Press)  
WASHINGTON, Feb. 15.—Counsel Donal O'Callaghan, lord mayor of Cork, sought today to have the state department reconsider its decision that their client was without rights as a political refugee and subject to deportation because of his arrival in America as a stowaway without a passport.

Department officials said consideration would be given the claims of O'Callaghan's counsel, but it was intimated that the department still regards the case as one for the department of labor to pass upon.

### BIGGEST NEWS STORY OF THE YEAR

Here's the biggest story of the year!

That is, the biggest of the year for Truman William Prydia (Senator) whose broad and genial smile bespoke something unusual this morning when he came down to work. Senator is one of the "boys" in the composing room of the News.

"What's it all about?" he was asked.

"New boy at the house," he smiled back. "Going to be president some day." Probably meaning that he would give him a start in life like Warren G. Harding, in a printshop.

Hurrah for the newcomer!

### ADA SENATOR FOR SOLDIER HOSPITAL

Senate Passes Relief Bill for Veterans After Ringing Speech.

"If we break faith with us who die, we shall not sleep, though poppies blow in Flanders fields."

Spurred on by an overwhelming spirit of patriotism, Senator Luther Harrison of Ada arose in the senate chamber of the Oklahoma legislature yesterday and delivered a ringing appeal for the adoption of the bill to provide a hospital for Oklahoma's soldier boys who were wounded over there, and for those whose health has been broken as a result of the terrible exposure they underwent in the fight they made for America and democracy.

Cheer after cheer followed Senator Harrison's address. The bill was passed by the senate with but four voting against it.

The war clouds have drifted by. The world is wrapt in peace. But fresh in our memory is the picture of that shell-torn battlefield and of the heroes who offered their all for Old Glory and all that it stands for. Some sleep beneath the poppies of Flanders fields, never to come home to the loving arms they left.

A republican house of representatives voted down the proposal to give Oklahoma's returned soldier boys a hospital where they might regain their health and fit themselves again for citizenship.

Is it asking too much for the boys who defended us in the nation's hour of peril.

(By the Associated Press)  
OKLAHOMA CITY, Feb. 15.—With the soldier's hospital bill passed by the senate, proponents of the measure are today preparing to seek a reconsideration of the bill in the house where it was voted down last week. The Senate yesterday only considered the hospital bill before adjourning in honor of Thompson B. Ferguson, who died yesterday.

After a series of speeches advocating the passage of the bill, the senate voted for it 3 to 7. A speech by Senator Luther Harrison of Ada was applauded by the senate and the galleries four minutes.

After passage of the bill a resolution was introduced by Senator Harrison, making available immediately 100 beds at the new University hospital for the use of former soldiers. The resolution was adopted.

Train is ambushed, eight are killed.

CORKE, Ireland, Feb. 15.—Five men passengers, one woman passenger and two members of the Irish Republican army were killed today when a passenger train carrying troops was ambushed near Kenseale by Republican forces armed with bombs and rifles. Six soldiers and two railroad officials and two women passengers were seriously wounded and several others slightly wounded.

Claimed To Be Millionaire's Son, But Father Is Only a Teamster.

(By the Associated Press)  
ST. LOUIS, Feb. 15.—A youth who says he is Otto J. Harrelson, 18 years old, the son of a millionaire of Bartlesville, Oklahoma, was arrested today on charges of highway robbery. He came here two weeks ago and is said to have told police he turned highwayman last Friday and held up three persons.

BARTLESVILLE, Feb. 15.—The settled with rain; strong southerly shifting to westerly winds and gales.

### LEAVES DEAD BODY ON FLOOR, ESCAPES WITH BANK FUNDS

Posse and Bloodhounds On Trail of Lone Robber; Murderer.

(By the Associated Press)  
HOUSTON, Tex., Feb. 15.—A man entered the Blue Ridge State bank at Hobby, 12 miles from here, at 10 o'clock this morning, beat the cashier, Robert Kirby, to death, and escaped with all the money in the bank.

A man seen emerging hurriedly from the bank a few minutes before Kirby's body was found is being sought by a volunteer posse with bloodhounds. There has been no estimate made of the loss.

The body was found shortly after the stranger was seen to leave the bank, and the posse was organized without loss of time. Searchers are scouring the entire country surrounding Hobby, but it is possible that the murderer made his escape in an auto.

The bloodhounds took the trail at the bank's door, following the footprints for some distance.

The entire surrounding country has been notified to be on the lookout for the stranger, and the police at Houston were notified immediately by telephone.

It is believed that the bank funds stolen will run into thousands; as the vault was rifled of its cash.

#### ATLANTIC AND PACIFIC FLEETS BACK TO PANAMA

PANAMA, Feb. 14.—The United States Atlantic and Pacific fleet arrived here last evening after completing their joint maneuvers off the west coast of South America.

The final event of the maneuver consisted of an attack by destroyers under a smoke screen and practice at formations. During the coming week the fleets will remain here and the crews will meet in athletic contests.

### Hindus Rebel Against Rule of Mohamedan

Natives Flee To British in Indian State for Safety.

(By the Associated Press)  
LONDON, Feb. 15.—Revolution has broken out in the Indian state of Tonk, says a Reuter's dispatch from Allahab. After agreeing to a demand of the people, the Monahmedon ruled of the district arrested leaders in the movement, whereupon rioting broke out. State troops are actively engaged and people are fleeing toward British territory.

Tonk is one of the twenty-one Indian states included in the Rajputana district, which covers a vast area in the northwest part of the Indian peninsula. Tonk in 1911 had a population of 103,401. The most of the population are Hindus.

### Oklahoma Boy Tells of Highway Robberies

day, who gave his name to the police as Otto Harrelson and said he was the son of a Bartlesville millionaire, is the son of a teamster here, investigators revealed. Harrelson is said to have left here January 30 in company with an actress who appeared at a local vaudeville house.

Cloudy tonight, Wednesday unsettled with rain; strong southerly shifting to westerly winds and gales.

### BUILDING CONCRETE BRIDGE OVER RIVER AT MIAMI

MIAMI, Okla., Jan. 4.—A five-arch concrete bridge, now being constructed across the Neesho river, will be completed sometime in the summer, contractors have announced. The bridge spans the river at the foot of the main thoroughfare of Miami. More than 2,000 yards of concrete will be used in its construction and tons of reinforcing rods.

Maybe it has also occurred to you that there hasn't been much demand for rock since rye went out.

## HIGHER FREIGHT RATE FOR OIL IS CANCELLED

(By the Associated Press)

WASHINGTON, Jan. 4.—Cancellation of proposed increased rates of petroleum in tank cars from points in Kansas, Oklahoma and Missouri to Chicago and Milwaukee, was ordered today by the interstate commerce commission, which held them to be unjustifiable. Suspension of the rate pending hearing previously had been ordered.

"A woman has a lot of satisfaction that is denied to men; she can go shopping and not buy anything," the Pawhuska Daily Capital remarks.

### GO NO FARTHER

The Evidence Is at Your Door. Ada proof is what you want and the statement of this highly respected resident will banish all doubt:

E. C. Hearn, stationary engineer, 331 W. Fifteenth St., Ada, says: "Some time ago I used Doan's Kidney Pills with such fine results, I shall never hesitate in choosing a kidney remedy hereafter. My back had been bothering me with a steady grinding ache just over my hips and when I tried to lift anything or stoop over, I could hardly straighten. Mornings, I felt lame and stiff and as though I had had no rest. I had to get up often at night to pass the kidney secretions, too. I bought Doan's Kidney Pills from Gwin, Mays & Co.'s drug store and they surely gave me quick relief. In a short time Doan's entirely removed the trouble and it has been two years since I have had need of a kidney remedy." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**HOW TO PRAY:** But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly. For your Father knoweth what things ye have needed of, before ye ask him.—Matthew 6:6 and 8.

ABILITY TO SUCCEED.

Not even the most fertile imagination can weave a story more fascinating than one true to life. And the life stories of Ada's big men—men who have made good—need not be told by facile pen to be made interesting. The story of their boyish ambitions, of their early dreams, of their struggle up the ladder to the goal of success they have reached, brings to mind Longfellow's philosophy.

"Lives of great men oft remind us,  
We can make our lives sublime."

Walk along the streets of any big city. Watch the people. So many plodders who never seem to get ahead. Why?

Because they have not quite filled the places where they are. Business is just like school. You cannot get into the eighth grade until you learn your lessons in the seventh grade.

You are, perchance, a clerk in a store. You want to be superintendent. You are doing drudgery and you don't like it. Well, if you become superintendent, you must direct others who do the drudgery, and you can do it much better if you have an understanding of and a sympathy with those who do the drudgery.

Like true Oklahoman's, Ada's big men, with hardly an exception, have fought their way to the top. They went up rung by rung. The power is within you to do likewise.

THE SPIRIT OF ADA.

The spirit of Ada will not be downed. The hard times scare has come and gone, faded into nothingness like mist in the morning sunshine. And now we are going ahead with the work of building a greater Ada. The Evening News wishes to commend the progressive citizens who are behind the movement to go ahead with the paving of Ada's streets. They are the empire builders, and we glory in the faith they have in the future of our city.

Ada is a good bet. With everyone pushing ahead, it is bound to win. Those who have invested their money in property here are betting on the city. And now those who are ready to go ahead with the paving know that the money they will spend for the paving will prove another lucrative investment, another good bet on the future of our city. Whether they are moved by blind faith or whether they have seen the handwriting on the wall, Ada is destined to become more and more the hub of East Central Oklahoma, and their bet is safe!

VALUE OF LIFE INSURANCE.

One day of thrift week, which was observed throughout the United States recently, was devoted to creation of greater interest in life insurance. It is probable that there are still a few persons who regard life insurance as "flying into the face of Providence," as some opponents of insurance protection have designated it, but insurance is now recognized as of such business value that persons of intelligence no longer make any pretense of opposition.

The business of promoting interest in insurance in its approved forms should not be left to those who are directly engaged in the selling of policies. It should be the desire of every person that his neighbor be amply protected from any loss that is avoidable, either through his death or because of accident or sickness.

Insurance constitutes a great mutual organization, in which its members undertake to protect each other against certain kinds of losses. No person considers himself a good business man if he neglects to protect his buildings or other property from complete loss by fire. Loss of the earning power of the individual because of death or incapacity should be guarded against as well.

Edison says man may some day bore great holes into the earth to extract the heat, but the principal interest just now is to get booze.

After Premier Briand has taken the guns from the Germans he might be able to give some good hints on disarming American bandits.

Rents will come down appreciably when folk are able to find somewhere else to move.

A man fools himself a lot more than he does a woman if he thinks he can make a lie stick.

There is nothing quite so certain as a grawling bank account to create a feeling of optimism.

Perhaps the largest number of sighs of relief are breathed by women after the company has gone.

The way civilized peoples are acting these days gives the savage a better standing in history.

HE'S A FRIENDLY CUB, BUT HIS MA—OH, MY!

The Forum of the Press

**Okmulgee Times:** The governor of Texas has abolished the state pardon board. He insists that pardons in Texas have been too freely granted, "weakening the law and making its enforcement a farce." Would there be less crime if the would-be criminal knew that, if convicted, nothing but death could stop between him and paying the full penalty of the law?

**Joplin Globe:** It appears extremely problematical whether news print prices can be brought down materially again. Stocks of finished paper at mills have not exceeded four days' consumption for four years.

**Pawhuska Capital:** Some persons have the appearance of taking advantage of the bath about as often as they do of the ballot.

**Hominy News:** One striking peculiarity of the women who write sex stuff for the papers and magazines is that they do not seem to qualify for becoming grandmothers some time.

**Fort Smith Times-Record:** About the only "ground hog" that runs true to form year in and year out is that we get in sausage.

**Barlottesville Enterprise:** Incompetence and extravagance in public office must be eliminated. Not a dollar should be taken from taxpayers above that required to maintain the government of the municipality, county, state and nation honestly and economically administered.

**Okmulgee Democrat:** Perhaps the most effective way to discourage pursuit of the hi-jacker's profession is to go forth without jewels on your person or script in your purse. A succession of cry hauls is a most discouraging feature about the hi-jacking business.

Automobile Races (By the Associated Press)

**LOS ANGELES, Feb. 15.**—Five automobile sprint races with a total distance of 150 miles will be held on mile and a quarter track of the Los Angeles Speedway Association, February 22, according to announcement by A. M. Young, association secretary. The program will be divided into four 25 mile heats and a 50 mile final.

POLICE AT TULSA ARE BEING TAUGHT ART OF SHOOTING

(By the Associated Press.)  
**TULSA, Okla., Feb. 15.**—As a sequence to recent episodes in Tulsa crime, from which some members of the police department have emerged with the losing score in marksmanship, a school of fire is to be conducted in the basement of the police station for the special benefit of the Tulsa police force.

Silhouette targets have been prepared and the rank and file of the force, under direction of higher officers whose marksmanship is established, will undergo a rigorous schooling under army regulations.

On the other hand, police officials have taken steps to make the leisure hours of officers more enjoyable. The entire basement has been renovated, a new floor has been laid and gymnasium apparatus of varied purposes is to be installed. Billiard tables will also be set up for the men.

Livestock Insurance Rates (By the Associated Press)

**SPRINGFIELD, Ill., Feb. 15.**—Stabilization of livestock insurance rates will be the principal aim of the National Association of Live Stock insurance companies, whose convention which was held here Feb. 14 and 15. While livestock insurance is still in its infancy it has grown rapidly, according to L. J. Ketman, of Des Moines, Ia., president of the association, and has now reached the stage where definite rules, rates and classifications can be made.

The association includes thirteen of the eighteen livestock insurance companies in the United States.

MINERS ON TRIAL FOR VIOLATION OF ANTI-STRIKE LAW

(By the Associated Press.)  
**PITTSBURGH, Kan., Feb. 15.**—Before a crowd that filled the courtroom, Alexander Howat and the other district officials of the United Mine Workers of Kansas charged with contempt of court in violating the injunction issued by Judge Curran, against the calling of a strike of miners, went to trial this morning.

Attorney for Howat fought stubbornly against going to trial, but were overruled as speedily as they entered objections. At 9:30 it was stated at the office of the coal operators association that no mines in the district were working.

DANIELS WANTS RADIO STATIONS FOR UNCLE SAM

(By the Associated Press.)  
**WASHINGTON, Feb. 15.**—In a plea for federal ownership of all high-power radio stations, Secretary Daniels in a letter to Chairman Page of the senate naval committee today declared that:

"If there is one thing that should be a monopoly, it is monopoly on the air, and this monopoly should not be given over to private interest."

Daniels' letter was in answer to a request from Senator Page for an opinion introduced by Senator Poindestox, republican of Washington, to regulate the operation of, and fostering the development of radio communication.

GO TO THEATRE

McSwain.

Jimmie Allard and the U. S. A. Girls opened a week's engagement at the McSwain last night. Allard used a keen eye in selecting the girls for his big beauty chorus, and the entire show is bubbling over with fun and frolic.

On the picture program, an entirely new specie of vamp is introduced in "Hairpins," the Thomas H. Ince Paramount Arteract production starring Enid Bennett, which will be shown at the McSwain theatre today. The part of the siren is played by Grace Morse in the role of Mrs. Kent, whose knowledge of vamping services to bring about a change for the better in the affection of Rex Rossmore for his wife, Muriel, played by Enid Bennett.

Miss Morse, by her artistic interpretation in "Hairpins," adds greatly to excellence of the picture. And furthermore, by her vamping, she is able to transform Mrs. Rossmore from the quiet, unassuming and untidy housewife into a siren who wins the heart of every man she meets.

Miss Morse is but one of noteworthy cast supporting Miss Bennett in the latest story of domestic difficulties written by C. Gardner Sullivan. Matt Moore plays the part of her husband, William Conklin is seen as the "home wrecker" and Margaret Livingstone portrays the role of the pretty stenographer who almost succeeds in making Mr. Rossmore forget his wife.

American.

Beautiful Louise Lovely is coming to town, in her second picture as a William Fox star. "Partners of Fate," is announced as the feature attraction for the American theatre next Wednesday.

In "Partners of Fate" Miss Lovely enacts the role of a young woman subjected to some of the queerest buffetings of fate that ever woman endured and triumphed over. The story, from the pen of Stephen Chalmers, has to do with the trials of two young married couples, who discovered shortly after marriage that they should have been mated the other way—and then, by a freakish twist of providence, find themselves paired as they should have been at the altar, and castaways on two lonely tropical islands; but with the barrier of martial obligations ever before them.

It is out of such a trying situation as this that Louise Lovely rises to what has been described as heights of dramatic power never afforded her in any previous role.

Notice.

There are some rumors around Ada and vicinity that it is unlawful for produce dealers to ship chickens out of Ada. That is a misunderstanding, but it is a city ordinance that dealers cannot buy and wholesale chickens on certain streets of the city.

We are in the market strong for chickens and eggs. We are car lot dealers in chickens and eggs. We are lined up with one of the strongest dealers of the East. We are in the market every day of the week, the market every day of the week. Ada Hide and Produce Co. 2-17-11w

FRUIT AND SHADE TREES

For immediate delivery, all best standard varieties, few grafted pecan trees now on hand at a price. See W. J. Allen at Help Yourself Grocery or phone 412.

HENS IN CONTEST REFUSED TO JOIN IN LAYING STRIKE

**LINCOLN, Neb.**—The hens in the nation-wide egg laying contest conducted by the Nebraska college of agriculture are refusing to join in the customary winter strike. Twenty-three of them laid 23 or more eggs during December; one laid 27 eggs and four laid 26 each. During November and December, the first two months of the present contest, one hen laid a total of 50 eggs, and ten laid 39 or more eggs each.

Among the twenty-three high layers during December were the following breeds: seven White Leghorns, four White Wyandottes, four White Orpingtons, two White Rocks, two Barred Rocks, one Rhode Island Red, and three Buff Orpingtons. The highest layer and the second highest layer were White Orpingtons.

Six hundred hens, representing breeders in nine states are entered in the contest, the purpose of which is to encourage the breeding of better laying strains of poultry.

Association Meets at Chicago (By the Associated Press)

**CHICAGO, Feb. 15.**—The annual meeting of the Construction Division Association, composed of those who were identified with the Construction Division of the United States army during the war, will be held here February 25 and 26.

The officers of the Association are: President, Col. Clark C. Wright Chicago; vice-president, Col. J. N. Willcutt, Boston; secretary, Major George Gibbs, Jr., Washington, D. C.; assistant secretary, William Kennedy, New York; and treasurer, Major A. C. King, Chicago.

Crude Oil Dropping.

**PITTSBURGH, Pa., Feb. 15.**—Requisitions of fifty cents to fifty cents in the price of crude oil were announced here today by the principal purchasing agencies. Pennsylvania crude received a cut of fifty cents a barrel, making the new price \$3.75.

Hospital News.

Charlie Shelton underwent a successful operation Monday for appendicitis. He is doing nicely.

O Solitude! If I must with thee dwell,  
Let it not be among the jumbled heap  
Of murky buildings; climb with me the steep—Nature's observatory—whence the dell,  
In flowery slopes, its river's crystal swell,  
May seem a span; let nife thy vigils keep  
Amongst boughs pavilion'd, where the dear's swift leap  
Startles the wild bee from the fox-glove bell. —Keats.

#### Valentine Entertainment

One of the most delightful parties of the Valentine season was given by the T. E. L. Class of the First Baptist church last evening in the church. There was a large number present, including the husbands of the members and a few invited guests. The rooms were artistically decorated in hearts and other Valentine decorations, the color scheme being carried out in every detail.

An enjoyable evening was spent in playing progressive and seasonal games, many of which were unique and amusing. Telling fortunes, a game which always affords much entertainment, was indulged in by all and some extraordinary events were foretold. Then came contests of testing the sense sight in which Dr. Webster was the winner. Testing the sense of smell was also one of the attractive games of the evening and the prize was won by Noble Reeves. Many other new and equally interesting games were played and a jolly good time was had by all.

The table decorations were very beautiful, the luncheon cloths, napkins were decorated with hearts and little cupid, and the tables were numbered with hearts. It was a very late hour when delicious refreshments were served, consisting of brick ice cream, frozen in heart shapes, and angel food cake. Dainty little cupid were given to all present as souvenirs.

Mrs. Hickman has charge of the class and it was only through her efforts, assisted by Mesdames Maddox, Webster and Kerr, that the affair was so cleverly planned and such a great success. The guests departed declaring that they had spent a most enjoyable evening and the hostesses received many compliments on their splendid work in conducting the entertainments.

#### Valentine Party.

V. A. Newcomb of the Business College, assisted by Mrs. Horton, entertained the students of the college and their friends with a masquerade Valentine party last evening in the rooms of the college. Beautiful Valentine decorations adorned the rooms and the entire scene was good to look on.

There was a large number of guests present and all came masked. The evening was spent in playing numerous parlor games and others in keeping with the Valentine season. Prizes were awarded the winners in the games and much fun was had by all. Music was furnished by the piano and Edison and after partaking of delicious refreshments of brick ice cream, moulded into hearts, and cake, the lure of the music called those who could to the dance floor. A unique method was adopted for the selection of partners and a delightful evening was spent in tripping over the floor with the rhythm of beautiful music urging them on. At a late hour the guests departed having enjoyed one of the most delightful evenings in the history of the college.

#### Musical Recital.

Miss Kate Draper, teacher of voice from Oklahoma City who is conducting a class in this city, will present a number of her pupils in recital at the First Baptist church, Wednesday evening, February 16, at 8 o'clock.

Those appearing on the program will be Mrs. L. H. Granger, Misses Natalie Manville, Clarine Roach, Buena Nolan, Reva Anderson and Messrs Oscar Parker, Lester Modlock, Arthur Harrison, and Russell Boud.

Miss Clarice Cartwright, who studied under Miss Draper last year in Ada, and who is this year continuing her study in Oklahoma City, will also appear in this recital; as will Miss Mildred Van Rsdale, another pupil from Miss Draper's vocal studio in Oklahoma City. Mrs. J. H. Boud will be accompanist for the evening. All are cordially invited to hear this evening of song.

Miss Margaret Alexander of Sulphur arrived in the city yesterday afternoon to spend a few days visiting friends and relatives.

Mrs. G. N. Berry left this morning for Tulsa where she will spend a few days visiting her daughter Mrs. T. D. London.

Mr. and Mrs. T. L. Harrison left this morning for their home in Shawnee after spending several days in the city visiting relatives and friends.

Mr. and Mrs. John Miller of Roff were in the city yesterday and this morning visiting relatives, returning to their home at that place this afternoon.

Miss Doris Sandusky returned to city last night to take up her work in the Normal after spending

ing the week-end with her parents at Morris, Okla.

Mrs. K. G. Morgan, who has been in the city for the past two weeks, visiting relatives, left this morning for Oklahoma City where she will return to her home there through this place.

Mr. and Mrs. M. A. Welch and children of Ft. Worth, Texas, arrived in the city yesterday to visit relatives and friends. They also attended the funeral of Mrs. Welch's brother, who was buried here yesterday afternoon. They left yesterday afternoon for Konawa where they will spend a short time before returning to their home in Ft. Worth.

#### TRAIN AND AUTO CRASH, THREE ARE KILLED

FAIRFAX, Okla.—Two men and a 14-year-old girl were killed and a woman and two other children were seriously injured this morning when a southbound Santa Fe train struck an automobile driven by Frank Janet at a private crossing a mile and a half north of here. The dead are: William Fletcher, Frank Janet, Maude Fletcher, Mrs. Fletcher and two younger children were thought to be probably fatally injured.

The Sedan automobile in which the party was riding was completely destroyed, being carried 100 yards on the pilot of the engine. The party was enroute from Fairfax to a ranch north of the city. The fact that the accident occurred on a private crossing at which engineers are not required to sound their whistles is believed to explain Janet's failure to notice the approaching train.

#### Girl Champion Appears

Through the courtesy of Ethelda M. Biebtrey, famous girl swimmer and winner of the world's championship at the recent Olympic meet, S. & E. enterprises have been enabled to present this young woman as part of the bathing beauties review in their state right production. "It might happen to you." Miss Biebtrey is a member in good standing of the A. A. U. and her acting in "It Might Happen to You" is an extension of courtesy on her part to S. & E. Enterprises.

#### Tennessee Sends Woman to Pen for Repudiating Assault Story

MEMPHIS, Tenn.—Mary Thompson McNamara, chief witness in the most sensational criminal assault case ever tried in the state, must serve from one to fifteen years for repudiating the testimony that convicted Allan McNamara of assaulting her. McNamara was sentenced to death in the electric chair, but former Governor A. H. Roberts commuted the sentence to life imprisonment.

After McNamara's conviction his brother, Gus, married Mary Thompson, and when Attorney Ralph Davis made a motion for a new trial for McNamara he put Mary Thompson McNamara on the stand. She then repudiated the testimony she gave against McNamara.

The state, believing that the marriage was consummated with the single idea of getting the girl to help get McNamara free, at once preferred a perjury charge and an indictment followed.

McNamara and two other young men were accused of assaulting three working girls at a lonely spot on Wolf River. One of the boys escaped and Jack Frey, who was indicted for criminal assault, is to go to trial at an early date. He has, however, married Lillian Snider, the girl he is accused of assaulting. The assault was the culmination of a wild auto ride during which the girls begged to be taken home.

McNamara was married at the time of his trial and had a four-year-old child. His wife stood by him during the trial and said she had warned the Thompson girl to stay away from her husband. After McNamara's conviction she secured a divorce.

#### THE LEGISLATURE

(By the Associated Press)

OKLAHOMA CITY, Feb. 15.—The lower house of the legislature may have an opportunity to air the affairs of the school land department in accordance with a resolution introduced in the house at today's session. The resolution was by L. A. Everhart, republican of Blaine County and went over until tomorrow.

The resolution requested the secretary to the commissioner of the land office to furnish in writing within five days an itemized statement of all sums handled by it for leases on school lands during 1919 and 1920. It asks that this be accompanied by a statement of all bids on leases, names of bidders and an itemized statement showing disposition of funds not accepted and whether they were returned to the bidders.

The resolution stated that on several occasions the commissioner had offered lands for lease within the requirement that all bidders accompany their bids with certified checks. It was further declared that many of these bids were refused, since only the highest bid was accepted and asked disposition of the sums so advanced by unsuccessful bidders.

The chief of the oil and gas

division of the land department is requested to make a similar report.

By unanimous consent the house will take up for reconsideration and vote next Monday afternoon, the bill providing for an appropriation of \$800,000 for a hospital for former service men. This bill, passed yesterday by the senate was defeated last week by the house. The house adopted a resolution for appointment of a committee of three to investigate the Alfalfa county hospital with the intention of making it an emergency hospital for soldier's relief. The house recessed at two until eight o'clock tonight when it will consider on special call the bill dealing with flood control and drainage. The senate also recessed from two until four o'clock in honor of the late Governor Ferguson and also plans to hold a night session.

#### How To Keep Servants

There is such a shortage of servants, male and female, in England that employers have resorted to all sorts of expedients to secure and retain them. The following advertisement appeared in a London paper recently: Two smart young men are wanted as footmen for large house in lovely country where the comfort of the domestic staff is studied by the provision of cinema entertainment and dances and recreation rooms.

## Uncle Walt's Story

VARITIES OF COURAGE

"KERSMITH is an awful coward," said the retired merchant. "He hasn't as much spunk as a chipmunk. This morning I saw a man half his size twist his nose, and he never offered to defend himself. He trembled all over and was covered with a cold sweat."

"And yet, under other circumstances, Kersmith might show all kinds of courage," said the hotel-keeper. "It isn't safe to jump to conclusions about such things. A woman will climb a tree, and shriek for the police if she sees a mouse, and if a real peril comes along, she'll exhibit more courage in five minutes than the average man could dig up in a hundred years."

"There are scores of different kinds of courage in this world, and you can't expect one man to have them all. A man may tremble and cringe when threatened with physical violence, and yet stand up serene and magnificent when the assessor comes to the door, and there's nothing finer than that sort of moral courage."

"There used to be a blacksmith in this town who had a wide reputation as a fire eater. He wasn't afraid of anything, people said. If he heard of a promising bruiser anywhere in the countryside, he couldn't rest until he had mixed things with him. And he didn't ask for purses or other inducements. He engaged in combat just because he loved it, and was happiest when his nose was knocked to one side, and his eyes were bugged up so that he couldn't see whether he was going or coming. He acted the hero on several occasions, rescuing people from burning buildings, and saving lives when they were drowning and his nerve became a byword."

"Well, in the fullness of time his teeth went wrong and his head swelled up until it looked like a squash. He bought about a million things at the drug store, and they wouldn't relieve the pain. The doctor told him he could have his sufferings ended in five minutes by going to the dentist's, but that idea turned him faint. At last he had to go, and the dentist told me he never saw such a dorgone coward. That invincible blacksmith just had to be lifted into the operating chair, and as often as he could get his breath, he yelled."

"The dentist's chair takes the starch out of many a brave man. I used to have to frequent it a good deal before I bought these hand-made tortoiseshell teeth, and I saw some moving sights when I was seated in the waiting room. Women would come in there as calm and cool as though they had just stepped in for a dish of ice cream. I have seen a girl graduate sit chatting comfortably until her turn came, and then she'd step into the chamber of horrors without turning a hair; and then some big policeman, who'd think nothing of fighting a revolver duel in the dark with a burglar, would come into the waiting room as limp as a dishrag, sweating ice tea and groaning every time he drew a breath."

"A man might easily get a lot of false ideas about courage in the dentist's waiting room."

"That man Kersmith, who stood and permitted a smaller man to twist his nose has a sort of courage I'd give a lot to own. I've always wished I could make public speeches. I've a lot of pent-up eloquence inside of me that ought to be turned loose for the edification and instruction of the people. But every time I'm called upon for a few timely remarks, I'm scared stiff, and can't say a blamed word. I just gurgled and splutter like a sunstruck lunatic, and hate myself for three weeks after it."

"But when Kersmith is called, he rises without a tremor, and smiles sweetly upon the audience, and goes ahead saying what he has to say as though in his own arm chair by his fireside. I'd be willing to have my nose and ears twisted several times to have his courage."

**Chilean Nitrate Fields.**  
The nitrate fields, the principal source of Chile's wealth, are limited to a narrow strip of arid desert located on the eastern slope of the coastal range, west of the cordillera of the Andes, at an altitude of from 2,000 to 5,000 feet above sea level, and inland a distance varying from 16 miles in the northern part of the zone to 90 miles in the southern part.

**Fellow Artists.**  
Mr. Pedalbas—I am a musician. I give recitals on the pipe organ.  
Mr. Proudfather—That so? I wish you could meet my son. He plays the mouth organ in vaudeville. You organists might be able to help each other.—Columbia State.

**Beautiful.**

## German Spy Suspect Held in New York

Detectives Nab Foreigner As He Takes Picture of Invention.

NEW YORK.—Federal authorities were asked by Magistrate Short of Brooklyn, today to determine whether Paul Harriek of Rochelle Park N. J., held under \$1,000 bail on a charge of burglary, represents a German economic espionage system in this country.

Edward Byrns, manager of a cork manufacturing concern in Brooklyn, and a detective, hid themselves in the factory last night in an effort to discover the mystery of the recent disappearance of numerous tools. About midnight, they said, Harriek, guiding himself with an electric pocket lamp, posed, a drawing in an incomplete invention and started to take a flashlight picture of it. They arrested him as he was adjusting his camera.

Asked whether a spy system still existed here, Harriek declined to answer them, explaining: "I am a German."

**Feeding Cottonseed to Cattle.**

Now that most of our farmers have saved their cottonseed, a great many of them are wanting information on how to feed the seed to cattle. After a lifelong experience in feeding cottonseed to cattle have found there is a right way and a wrong way to feed the seed. The right way to feed cottonseed is to feed it with other kinds of feed and not to feed too much to start with. Too much to start with will sour cattle.

Four pounds of cottonseed per cow is not too much to start with if the seed is divided equally and half fed at morning and the other half in the evening. But four pounds is too much to feed at one time right on the start. If the cows are to be fed only once a day, better start with three pounds of seed and feed plenty of roughage. However, plenty of roughage should be fed at all times while feeding cottonseed. There is always a chance of cottonseed poisoning on cotton seed alone and hard to check.

Boiled cottonseed with a little salt and meal or chops mixed in makes far better feed for milk cows than raw seeds, but like raw seed should be fed very sparingly to start with. Either the raw or boiled seed can be increased to six or eight pounds per day after the cattle get used to it.

Cottonseed is not generally recommended for sheep, but I have been able to find out the reason why. I fed 200 sheep through four winters on cottonseed alone and I never saw sheep do better. They were as fat and fine at the coming of each spring as it was possible for them to be after a cold wet winter. Cottonseed is a good feed for horses or hogs. W. P. Camp in Oklahoma Farmer-Stockman.

**BREAD FOR SACRED AFFAIR BAKED BY JEWS AT CLEVELAND**

Cincinnati, O.—The matzoth or unleavened bread which will be eaten in Palestine by orthodox Jews during the observance of the Passover holidays was baked in Cincinnati. Several hundred thousand tons of it will form the cargo of the Kodimo which will be the first vessel to sail direct from New York to the Holy Land. The ship will depart February 15. In connection with the baking of the matzoth and its shipment Rabbi G. Wolf Margolis, of New York, president of the American assembly of Orthodox Rabbis, came to this city and put his official religious approval on the unleavened bread. While the matzoth was being baked Rabbi J. M. Levin had the religious supervision over the process and saw that all the rules of the ancient Hebrew were observed.

It is easy to get rid of the misery of heartburn or indigestion. Herbine goes right to the spot. It drives out the badly digested food and makes you feel fine. Price, 60c. Sold by Hensler and Story.

**Order for Hearing Petition to Sell Real Estate by Guardian.**

STATE OF OKLAHOMA, PONTOTOC COUNTY

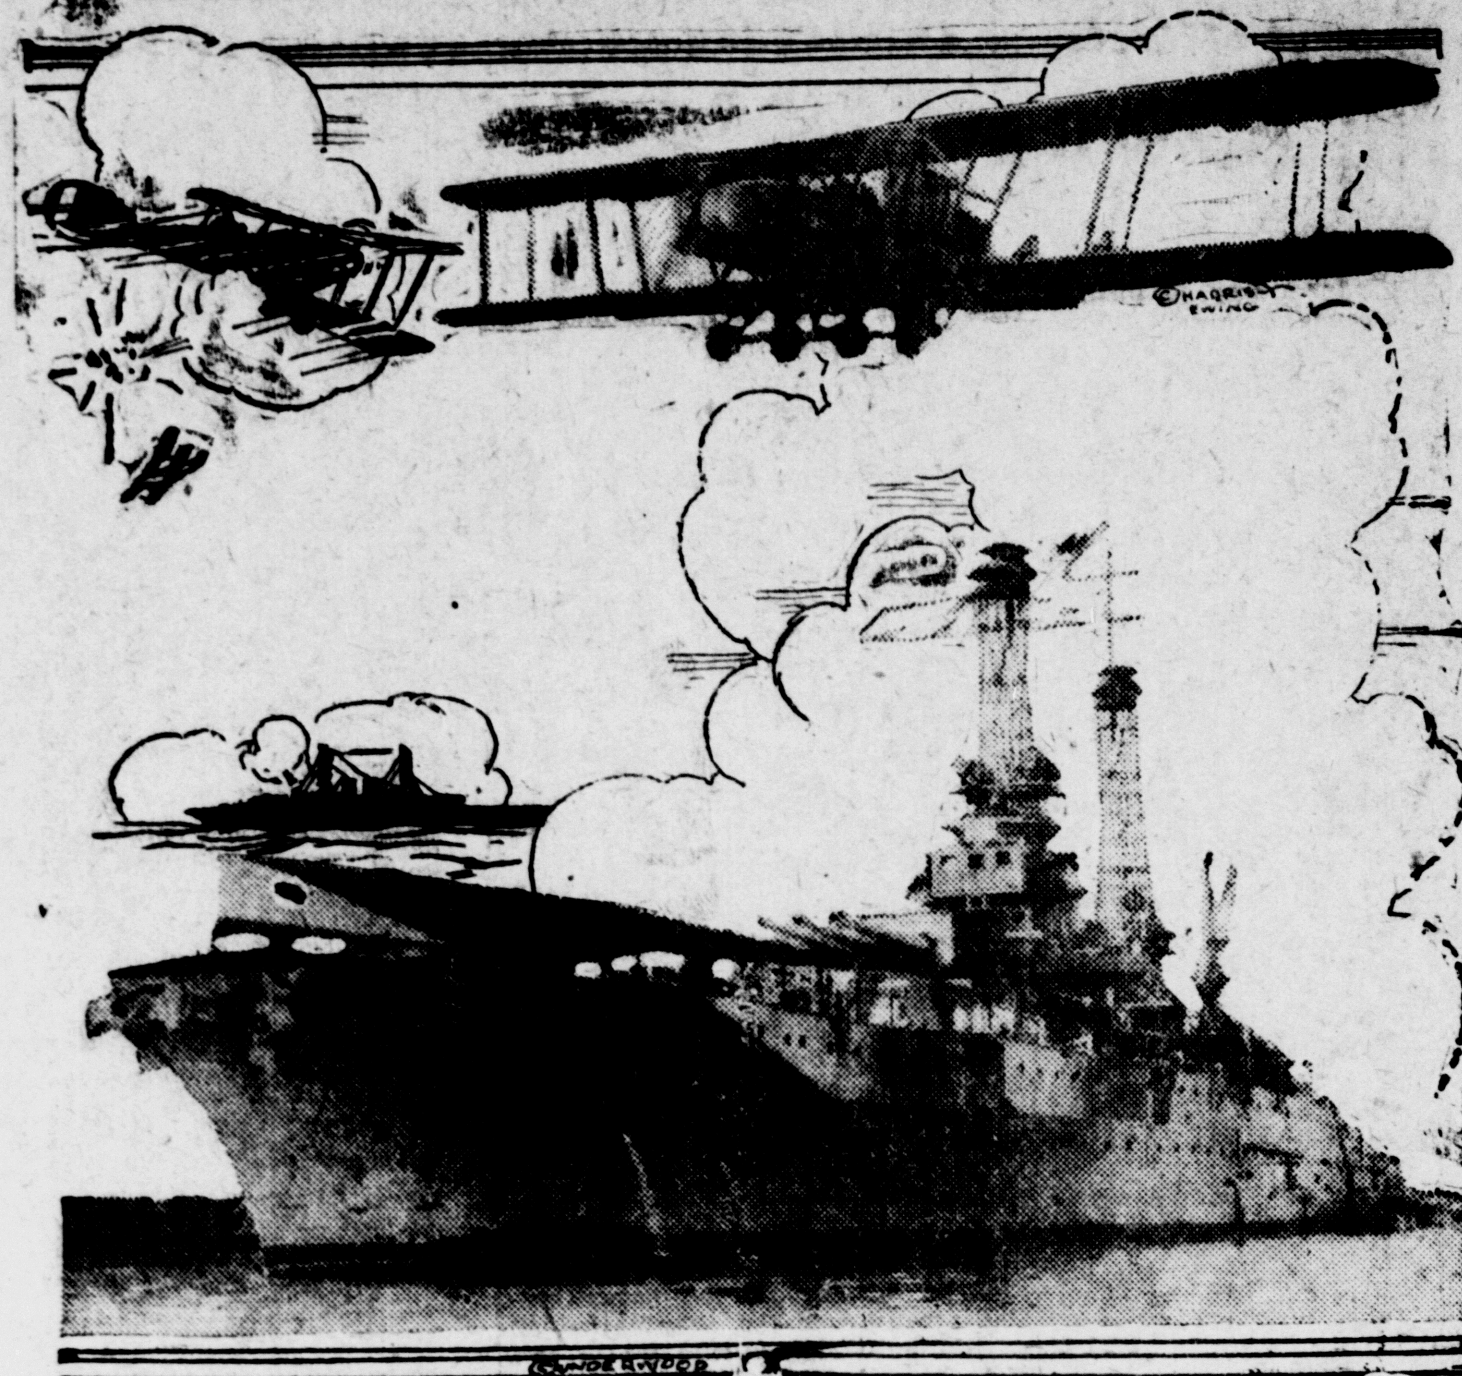

IN COUNTY COURT  
In the Matter of the Guardianship of Laura D. Colbert.

New, on this 1st day of February, 1921, comes Richard Colbert as guardian of the above named ward having filed herein his petition for the sale of the real estate of said ward for the reasons in said petition stated.

IT IS ORDERED, That said petition be and hereby is set for hearing on the 10th day of March A. D., 1921, at 10 o'clock A. M., at which time the next of kin and all persons interested in the estate of said ward are required to appear and show cause, if any they have, why an order should not be granted for the sale of so much of the real estate of said ward as is necessary for the reasons in said petition stated, or that personal service hereof be made upon said next of kin and persons interested in the estate of said ward as required by law. It is further ordered that a copy of this order be published for three successive weeks in the Ada Weekly News of Ada, Oklahoma, and posted in three public places in said county, one of which shall be in front of the courthouse in Ada, Oklahoma.

Dated this 1st day of February, 1921. TAL CRAWFORD, (Seal) County Judge.  
2-17-31w

## BATTLEPLANES OR BATTLESHIPS—WHICH WILL IT BE?

One of the army's biggest bombing planes—the Martin bomber—and the pride of the U. S. navy, the U. S. S. New Mexico.

Should the United States proceed with its tremendous building program which calls for more massive battleships costing \$40,000,000 each, or should it divert this money toward aviation and depend upon its air forces for coast defense and aggressive warfare if necessary? That's what congressional committees are now debating. Brig. Gen. Mitchell, actively in charge of the

air forces, has asserted before committees that with the development of aerial attack, the present method of coast defense is obsolete. Proponents of air-plane development point out that Great Britain is about to change her entire policy of defense. The navy is now building seventeen floating fortresses at a cost of more than \$10,000,000. It is to halt this program and other plans

that members of the army committee are working. Representative Anthony of Kansas, chairman of the house appropriations sub-committee, has said he will take up with the house naval committee the subject of formulating a joint request to the navy department for a battleship to be made a target for aerial bombing to decide by practical test the worth of the heavy ships.

## RUM PROVED GOOD EMBALMING FLUID

TUSCALOOSA, Ala.—The olden days when rum was considered the very perfection of embalming fluid were brought forcibly to mind here recently with the falling into decay of the vault or vauoleum of Charles H. Patterson and his wife. Patterson, a highly respected hotel proprietor, died in 1847 and his wife in 1867. Both bodies were enclosed in leaden caskets filled with rum and hermetically sealed before being placed into the vault, which was built on the top of the ground.

Although the ravages of the elements had obliterated the brick walls of the vault the caskets were found to be in a perfect state of preservation.

Embalmers say there is no doubt that the bodies of the Pattersons remain perfectly preserved.

**Learn Telegraphy.**

## IMPORTANT LETTER

SARATOGA, TEXAS.—"I firmly believe there is not a medicine on the market today that will do more for women who are broken-down in health than Doctor Pierce's medicine. A year ago I tried several kinds of medicines but none seemed to do me any good. I got so poor and weak I could hardly do my housework. I suffered from loss of appetite, headaches, constipation, shortness of breath, also functional disturbances. Sometimes I would have spells of indigestion. At last I took three bottles of Dr. Pierce's Favorite Prescription, some of the 'Golden Medical Discovery' and two vials of 'Pleasant Pellets' and now I can truthfully say I am in better health than I have been for several years."—MRS. MINNIE COMER. All druggists. No alcohol or narcotics.

poor and weak I could hardly do my housework. I suffered from loss of appetite, headaches, constipation, shortness of breath, also functional disturbances. Sometimes I would have spells of indigestion. At last I took three bottles of Dr. Pierce's Favorite Prescription, some of the 'Golden Medical Discovery' and two vials of 'Pleasant Pellets' and now I can truthfully say I am in better health than I have been for several years."—MRS. MINNIE COMER. All druggists. No alcohol or narcotics.

## GET RID OF COLDS, "FLU" AND GRIPPE

As Soon as You Feel Bad, Take Swamp Chill Tonic

This famous old remedy will quickly knock the illness out of your system—and keep it out.

Well-known physicians throughout the South advise their patients to take SWAMP Chill Tonic regularly. They know it's a reliable, all-year-round remedy for colds, grippe, fever, chills, malaria, ague, etc.

Most folks keep a bottle of SWAMP Chill Tonic handy at all times. Then they're ready for illness should it come. SWAMP Chill Tonic has given such universal satisfaction that it is handled and recommended by leading dealers everywhere.

Get a 60c bottle today, and see for yourself what a really wonderful remedy SWAMP Chill Tonic is. D-429

## BUILDING MUCH LESS AT CLEVELAND IN MONTH

CLEVELAND, O.—January building construction fell off more than five and a half million dollars compared with the first month in 1920 according to building permits issued at the city building department, the total for the past month being \$2,200,250 compared with \$7,260,925 for the first month of last year.

What's the reason? Building materials have slumped about 20 per cent in the past year, according to E. A. Roberts, secretary of the Cleveland Builders Exchange. "Lumber prices have dropped from 30 to 40 per cent and brick and cement prices from 10 to 20 per cent," Roberts said.

## Smathers-Schreiber ORCHESTRA

A real orchestra for dances, featuring comedy jazz. Can furnish music for banquets, social affairs, private entertainments, etc. Reasonable rates. Call or write

Smathers-Schreiber Orchestra  
Ada, Okla.

# Karo

(REG. U.S. PAT. OFF.)

## The Great American Sweet for Cakes, Biscuits, Sliced Bread—

**WALLACE BROKERAGE CO.**  
Local Sales Representative  
Oklahoma City, Okla.

**Karo is KARO**  
—there is no substitute.

## TAKES PAIN OUT OF RHEUMATISM

Keep Sloan's handy for backache strains and sprains, too

SLOAN'S Liniment has been sold for 39 years. Today, it is more popular than ever. There can be but one answer—Sloan's produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatica; sore, stiff, strained muscles; backaches, sprains, and other external pains, often the result of exposure. It leaves no redness, skin stain or clogged pores.

Get a large bottle for greater economy. Keep it handy for use when needed. Your druggist has it. Three sizes—35c, 70c, \$1.40.

**Sloan's Liniment** (Pain's Enemy)

## St. Agnes Academy

A splendid school for Girls Will accept Chickasaws and Choctaws.

For particulars address Sister Superior ST. AGNES ACADEMY Ardmore, Oklahoma

News want ads get results.

## Notice.

The Commercial Club of Ada is in the market to lease the ground floor of a business building. This is wanted for offices for County Demonstration Agents, for display of products also for rest room and a meeting place for farmers' clubs, committees, etc. Persons interested will please submit propositions in writing giving exact location, width and depth of building together with terms for three years and also for five year lease. Address all communications to M. F. Manville. 2-15-21d

If your head is dizzy on stooping or rising suddenly and everything turns black before the eyes, you have a torpid liver. Take Herbine. It is a powerful liver regulator. Price, 60c. Sold by Hensler and Story.

## EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound, and look years younger.

## How Old Are You?

Years don't make age, but looks do. You are just as old as your vitality. Blood makes vitality, so that if your blood is rich, red, pure and plentiful, a long life is assured. The best blood medicine is Dr. Pierce's Golden Medical Discovery. There is no better way to keep looking young than by taking this old-fashioned medicine that has been sold for over half a century in all the drug stores of the land. It is now put up in tablet form as well as liquid. Send 10c to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., if you want a large trial package.

## Notice.

There are some rumors around Ada and vicinity that it is unlawful for produce dealers to ship chickens out of Ada. That is a misunderstanding, but it is a city ordinance that dealers cannot buy and wholesale chickens on certain streets of the city.

We are in the market strong for chickens and eggs. We are car lot dealers in chickens and eggs. We are lined up with one of the strongest dealers of the East. We are in the market every day of the week. Ada Hide and Produce Co. 2-15-11d

**STOVES FOR SALE**—One large equal burning stove equipped with gas burner and pipe; one two-burner hot-plate gas cook stove, no oven; two small 16-inch width Reznor gas heating stoves. All these stoves are in good condition and will be sold at a bargain either all or separately; can be seen at the News office. Call for Smith, Freeman Mechanical Department.

Herbine corrects biliousness, indigestion and constipation. It is a fine herbal medicine that drives out impurities and restores healthy conditions in the system. Price, 60c. Sold by Hensler & Story. Adv.

You will save money by reading the ads.

## NERVOUS FAINTING SPELLS

Mrs. Werner Tells How They Yield to Lydia E. Pinkham's Vegetable Compound

Camden, N. J.—"Before my baby was born I was run down and weak, had

pains in my back and stomach, was very nervous and would have fainting spells. I certainly suffered awfully with those nervous fainting spells. I did not know anyone at times and used to scream. A doctor treated me for the spells but did not seem to do much good. I had taken Lydia E. Pinkham's Vegetable Compound and Liver Pills before so I began taking them again. I soon felt a change and could do my work without pain and was cured of those nervous spells. Now I have a nice fat baby girl and had an easy time at birth, thanks to Lydia E. Pinkham's Vegetable Compound."—MRS. WILLIAM C. WERNER, 1216 Van Hook St., Camden, N. J.

When a wife finds her energies are flagging, she is weak, nervous, suffers from backache, the "blues" she should build her system up at once by taking that standard woman's medicine, Lydia E. Pinkham's Vegetable Compound, as did Mrs. Werner.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to your health.

## REDS RIOT ON ANNIVERSARY OF LEADERS' DEATH

Bolshevik riot in full swing in streets of Berlin.

On the anniversary, recently, of the death of Rosa Luxemburg and Carl Liebknecht, German

Bolsheviks staged a monster demonstration in Berlin and other cities. In Berlin the demonstra-

tion became a riot and in a clash between the Red rioters and police several Reds were wounded.

## E.C. BASKETBALL MEET IN MARCH

Outlook for Tournament Is Good According to Those In Charge.

Great success in every way is the present outlook for the East Central high school basketball tournament which will be held here on March 4 and 5 under the auspices of the Normal. As the time draws near the plans begin to take shape and two days of good sport is in store for all basketball fans in the district.

Coach Clary, director of Normal athletics and who has charge of the plans of the tournament, in discussing the probable attendance and success of it this morning said, "Owing to the new ruling made by the interscholastic board of control over high school athletics that there will be no more district tournaments for girls, but that a state tournament will be held each year at the university for girls, this will cause more girl teams to come here because they will be able to attend here when they will be unable to attend the state meet." This fact will greatly assist in making the meet a great success.

All high schools in the East Central district have been invited to enter their teams, both boys and girls, and new trophies will be awarded the winners. The expenses of the teams will be partly defrayed by the gate receipts.

This high school basketball tournament will be the first of its kind ever held in this district and those in charge are pleased with the probable outlook for its success. The tournaments will be held each year after it has been substantially established as an annual affair.

The strongest teams in the district and many of the strongest in the state, will play here on the above mentioned dates, and all basketball fans who like to see good, sporty, hard games between teams able to handle the ball in a first class manner will be given a chance to see them at this time.

The following is a list of the schools which have sent definite word to Clary that they will be here with the intention of winning: Both the boys' and girls' teams of Stratford, Sulphur, Wewoka, Francis, Wetumka, Weleetka, Sasakwa;

girls' teams only of Byars; and the boys' teams only of Mill Creek, Okemah, Stuart and Maud. There are a few others, which make a total of 8 girl teams and 11 boys' teams already promised to come. Favorable reports are being received from other schools every day and several other teams are expected to enroll in a few days. The success of the tournament is largely due to the fact that athletics have prospered during the past year and many strong teams have been built by the schools. More teams than would have otherwise attended will be here on that account.

# UNEMPLOYED TO ASK C. OF C. AID IN FINDING WORK

Men in Ada Out of Work  
Held Mass Meeting at  
Court House.

Gathered together for the avowed purpose of devising ways and means of finding work in order to earn a livelihood, more than two hundred men voted at a meeting in the courthouse last night to ask the co-operation of the Chamber of Commerce. A committee of five was selected to wait upon the Chamber of Commerce and lay the matter before the board of directors of that organization.

The men discussed in general the predicament in which they have been placed by the let-up of employment. Scattered about among the honest toilers were a number of men who have never been known to work, but the men were sincere in their intention of finding work so as to care for their families and themselves.

The meeting was called by W. B. McDaniel, a farmer living near Ada, for the purpose of perfecting an organization to represent the unemployed men of the city in their efforts to find work. McDaniel was called away to play a fiddle at a country dance and most of the time was taken up by the other men in speech making.

Practically all of the men present claimed a standing vote to be bona fide residents of the city of Ada. About ninety percent of the crowd claimed to be out of employment, while perhaps ten percent said they were employed at present. A number of the men were until recently employed at the cement plant and received good wages until one hundred men were laid off a month ago. Others had worked at the glass factory until a portion of the work there was temporarily suspended about the same time.

Several men who have always worked to earn a living gold of their fruitless efforts to find employment. One man told of searching from El Dorado, Arkansas, to Chickasha without finding any promise of work, and it was the claim of all who had investigated that the depression was not confined to this section alone but was general throughout the state.

The working men are of the opinion that there is a great deal of public improvement work which needs to be done in the city, such as paving and building. They take pained while the prices of material stand that the work was most and labor were at the highest stage and now when both have reached the rock bottom, is the time to take up the work.

Mayor Kitchens was called on for a speech and responded by assuring the unemployed that all contracts for paving and other city work let by his department had contained clauses which stipulated that the work be done by local men and that the same policy would be followed in the future and rigidly enforced.

**Building Going Ahead.**  
Bob Roland was called to the floor and responded with a speech that drew a great deal of applause. Mr. Roland told of the active home-building campaign which is being launched in the city, and predicted that the campaign would furnish employment for a great number of the men. He told of the average of one building permit a day being issued for the last fifteen days of January, and practically the same record for the first 14 days of February.

The speaker was also of the opinion that several miles of new paving would be built in the city during the next few months. Some of the work has already been authorized and other paving petitions are now being circulated. He was of the opinion that in the near future enough public work would be under way to keep the men employed until the factories and other industries opened up in full blast again.

It was suggested that the unemployed men form in a body and march the streets of Ada behind an

## Time Doesn't Drag for Three Women Locked Up as Murder Trial Jurors

CLEVELAND, Ohio, Feb. 15th.—(Special)—For the first time since women have been allowed on murder juries three feminine jurors are being kept under constant guard, together day and night, cut off from their families and friends, until they have helped decide the fate of a man charged with killing a fellow man. They are the three women in the jury of twelve persons which is trying Judge William H. McGannon, chief justice of the Cleveland, O., municipal courts, charged with murdering Harold Kasy after an automobile ride in May, 1920. It is McGannon's second trial. The jury disagreed the first time. The days are not dragging for the women jurors, they say.

Grand opera, theaters and the high cost of living furnished topics of conversation for the three women Mrs. Zuleika Allen, Mrs. Hazel McGlynn and Mrs. Rose Bayne. Mrs. Florence Morrison is their bailiff. The way they spent one of the early days of the trial is a typical one. Until they retired for the night, just after 10 o'clock, and for nearly an hour afterward, the three discussed with Mrs. Morrison every phase of grand opera, chatted valuably about current and impending attractions at the local theaters, and worried and fretted over the high cost of living just as though they were meeting in the home of one of them for an evening's visit.

To begin with, as soon as court closed for the day the women jurors together with the nine men on the jury, were taken to a hotel for dinner. From the way in which the three women enjoyed their steaks, mashed potatoes, apple pie and coffee, it hardly looked as though the trial was weighing heavily on them. All three declared the meal a first rate substitute for "home cooking."

**Take in Movie Show**  
After dinner the trio followed Mrs. Morrison to their hotel suits, where plans for the evening were

American flag with banners carrying inscriptions such as "We are the men who helped to make Ada what she is; We need work."

Bryan Chapman created an uproar when he suggested that the men of the city who had never been known to do a day's work not be permitted to march in the line with the honest laborers who really would work if they could get the employment.

The poison doctrine of socialism, the bitterest enemy of the workingman, crept into the councils of the meeting when A. A. Walker of Ada paid a glowing tribute to the work of the Oklahoma Leader, a paper published at Oklahoma City in the interests of the socialist cause.

Another meeting will be held at the court house next Thursday evening at which time the committee appointed to confer with the Chamber of Commerce board of directors will report. The following men were selected to appear before the board tonight: A. A. Walker, J. A. Griffith, Harry Ebrite, J. W. Middleton, W. B. McDaniel.

### Obituary

Dr. E. C. Lane of Konawa died at that place Sunday afternoon at 3 p. m. The remains were shipped to this place and the funeral services and burial were held in Rose-dale cemetery yesterday afternoon. He leaves a wife, a daughter, Mrs. Welch of Ft. Worth, a son, Lieut. O. H. Lane in the U. S. Army, and a sister, Mrs. M. A. Welch of Ft. Worth, Texas. They with several other relatives and friends attended his funeral here yesterday. Dr. Lane had lived at Konawa for several years and has many friends there.

discussed. Upon learning they would be allowed to go to a theater they went to a movie house where they saw Wanda Hawley in "Her Beloved Villain."

Returning to the hotel, embroidery work was taken out of handbags and an impromptu sewing circle was formed. The women, who will probably be kept in custody for at least two weeks, saw a chance to go the better part of a whole winter's sewing.

About 9 o'clock the sewing circle was temporarily disrupted by the arrival of Mrs. Allen's husband, who appeared loaded down with candy, flowers and magazines. Allen was not allowed to be alone with his wife, and under the rules of the court was obliged to carry on his entire conversation with her in the presence of the bailiff.

Judge Powell's instruction "Don't discuss this case among yourselves," was observed scrupulously by the women jurors, who, in chatting over their needlework, touched on practically every topic under the sun, except the one popularly thought to be uppermost in their minds—the murder of Harold Kasy.

As for the men on the jury they herded by themselves and no one was concerned about what they were doing—except a mere man bailiff.

### MILLIONAIRE LEAVES ESTATE TO MISSIONS

Under the terms of the will of the late Col. J. N. Brown, of Anderson, S. C., the bulk of his estate of more than \$1,000,000 will go to the Foreign Mission Board of the Southern Baptist Convention following the death of two relatives who will receive the returns from the estate during their lifetime. This is the largest bequest ever made to the Foreign Mission Board, Anderson College and the Connie Maxwell Orphanage, Baptist institutions, received smaller bequests.

### CAUGHT IN SHAFT, MAN WHIRLS TO DEATH

(By the Associated Press)  
CHELSEA, Feb. 15.—Held in a shaft of a Rotary Vacuum pump for a period of 45 minutes, William Frye, 55, oil well worker, is believed to have been hurled around in the machinery for 1,500 revolutions, before his wife found him dead. It is believed he was killed the first time his head struck the derrick floor.

## AUTO DRIVER FACES MURDER CHARGE

COLUMBUS, O.—What is believed to establish a precedent in criminal annals was the holding here today by Jesse B. Haley on a first degree murder charge without bond as a result of an automobile accident, in which Henry Seibert was killed last Sunday night as he waited to board a street car. The murder charge was filed by City Prosecutor Herbert.

"In the trial of Haley," Herbert said, "it will be undisputed that he was operating the car without regard to human life and with utter disregard of any consequences. I believe the jury in the case should have the right to infer that after Seibert was hit and while he was carried on the fender of the car, in plain view of the driver and in an perilous position and from the being struck that Haley's confining involved an intent to kill. Haley made no effort to stop his car and that death resulted from his made no effort to stop his car and it was going faster when it hit Seibert than when it hit the first person in the group."

### IN THE OIL FIELDS

F. F. Heintz of Denver, Colo., head geologist for the Producers Refining company, is here looking over the acreage of that company for a deep test well which will be started as soon as possible.

The Producers' acreage is located southwest of this city. Some of it lies as close in as two miles and none of it over seven miles from Ada. It is wildcat territory but the company is well pleased with the outlook. The outcome of this well will go a large way toward determining future activities in that

direction.  
**Another New Company.**  
The Interstate Petroleum company, of Oilton, owns a block of acreage in the southeast corner of Pontotoc county and it is reported that they have made a location in 6-2-8. Drilling will start as soon as machinery arrives.  
The company is composed of Oilton business men who have been attracted to this field by the favorable reports of leading geologists.

**Other Operations.**  
The Harvey Crude company expects to spud in on their test in 17-4-4 next week.

Carter-Nance-LaSalle expect to spud in at 32-5-5 Wednesday.

Kelley-Cardinale et al. have a rig up for a deep test in 34-5-7, and will start drilling in a short time.

The Transcontinental Oil company is setting 20-inch casing at

200 feet on their deep test in 14-5-4.  
The Doan Oil company is drilling at approximately 850 feet on their deep test in 20-5-4.  
Kingwood-Gelette are drilling at approximately 1700 feet in 36-5-6.  
Walker-Westheimer are drilling at approximately 1840 feet in 26-5-7.  
Montrose has a new rig up at their well in 20-5-8, where drilling was suspended two months ago when the old rig burned.

**Prospective Development.**  
It is reported that Lee & Smith expect to commence operations on their acreage in 3-5-7. They now have three wells producing 60 barrels a day, and expect to drill other wells.

The Da-Okla Oil & Gas company are rigging up to commence a deeper test on their acreage in 17-4-8, where they now have four wells making 50 barrels a day.
